California Department of Education School Accountability Report Card Reported Using Data from the 2014-15 School Year

Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement - Most Recent Year

Sonoma County Office of Education (SCOE) Alternative Education Programs provides K-12 education for students who have had difficulty in the traditional school setting or in the community. Daily academic instruction is provided for students who are detained or referred by districts because of expulsion, who self-select, or who benefit from a program based on alternative instructional strategies. The program has two components: Court School and Community School. Community School includes Home Study, Independent Study, and a Teen Parent Program (formally California School Age Families Education/Cal-SAFE). The Court School Program is more fully described below.

The Court School Program provides educational services to children and youth who are incarcerated, or who are referred to the program by Probation. The Juvenile Justice Center, has seven classrooms available to serve girls and boys, ages 12 to 18, who have been arrested and booked on criminal charges and are serving time or awaiting disposition by the court. The Probation Youth Camp classroom, located in Forestville, serves 16 to 18 year-old males and features vocational and school-to-career instruction.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Subject	Percent of Students Meeting or Exceeding the State Standards		
	School	District	State
English Language Arts / Literacy (grades 3-8 and 11)	3%	3%	44%
Mathematics (grades 3-8 and 11)	%	1%	33%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Double dashes (--) appear in the table when the number of students tested is ten or less.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement - Most Recent Year

Given the population and setting of the Court School program, parent involvement is limited. Parents are encouraged to attend special education meetings (IEP's) and graduation ceremonies and are invited to request meetings when needs arise. Individual Learning Plan (ILP) parent conferences have been implemented at the Probation Camp school site.

Professional Development – Most Recent Three Years

In recent years, the primary area of focus for staff development has been to increase student engagement and achievement through improved teaching practices and increased academic rigor. In the 2014-15 school year the department offered one full day of professional development prior to the start of the school year and at least four hours each month were dedicated to staff and professional development. In addition, the majority of teachers worked with an instructional coach. Teachers also had the opportunity to participate in ongoing professional development through the Leadership Network - an ongoing collaborative effort dedicated to the study and implementation of research-based strategies to improve student achievement and narrow the achievement gap. Teachers are supported throughout the school year via administrator feedback and support peer support through the professional learning community model. Office staff also participated in CALPADS trainings and trainings related to the student information system.
